13.1 Little League 10/11 (Minor) - A larger strike zone will be used. Umpires will call a strike zone that, at the discretion of the umpire, is up to the arm pits and down to the bottom of the knees and one (1) ball width either side of the plate. The entire ball must pass within this zone.

13.2 Little League Major - Umpires will call a regulation Little League Major strike zone as defined in the Little League International Rule Book; as defined as:

13.2.1 That space over home plate which is between the batter's armpits and the top of the knees when the batter assumes a natural stance. The umpire shall determine the strike zone according to the batter's usual stance when that batter swings at a pitch. (Action – monitor during season to see if we tighten)

13.3 Intermediate League, Junior & Senior League - Umpires will call a regulation strike zone.

13.4 Coaches and umpires will not enter into agreements to alter the strike zone and will not argue ball and strike calls.

14 General Pitching Limits

14.1 This rule is to be read in conjunction with Rule 17 Pitching and Catching.

14.2 All teams are required to keep an accurate pitch count during each game for their pitchers. The pitch count is to be checked with the Official Scorebook to ensure that no coach allows any pitcher to breach the maximum pitching guidelines for that game.

14.3 All pitchers are subject to pitch limits relevant to their league age, as prescribed in the Baseball NSW Age Matrix for the relevant year, not the Division they are participating in. (See Annexure I for the pitch limits for each age)

14.4 A pitcher who reaches his pitch limit must be removed from the mound once they have reached the maximum pitches allowed in accordance with their age.

14.5 A pitcher may finish the batter in the box at the time of reaching their maximum limit, unless the pitcher is subject to the pitching/catching Rule 17, which directs that the maximum limit is a hard finish.

14.6 A pitcher once removed from the mound must not pitch again in that game.

14.7 A player playing in a division above their league age division is limited to the pitch and consecutive out restrictions that apply to their league age, not the age division they are participating in.

- 14.8 A player, who has been permitted to play over age, is limited to the pitch and consecutive out restrictions that apply to their league age, not the age division they are participating in.
- 14.9 All pitchers are limited to a certain number of pitches in any one assignment. The maximum number of pitches thrown or consecutive outs during the assignment (whichever occurs first) that a pitcher may throw in any one Club game is shown in the Division rules.
- 14.10 Umpires shall only apply the balk rule in Intermediate League, Junior League and Senior League.
- 14.10.1 When a balk is called by the Umpire the following will take place:
- 14.10.1.1 Intermediate League: Unlimited warnings per team, per game. No Penalty applied for subsequent balks called by the umpire.
- 14.10.1.2 Junior League: One warning per team, per game. Appropriate penalty to be applied by the umpire for every subsequent balk that is called by the umpire.
- 14.11 When a balk is called, regardless of whether a pitch is delivered, a pitch will be added to the pitcher's count.
- 14.12 A Coach who over-pitches a Player may be requested by the JCC to appear before JCC and be subject to a penalty as determined.
- 14.12.1 First offence will result in a written warning.
- 14.12.2 Second offence will result in a one game suspension.
- 14.12.3 Third offence will result in exclusion from the remainder of the season.
- 14.13 The current pitcher returning to the mound is allowed a maximum of four (4) pitches as a warm-up.
- 14.14 New Pitchers will be allowed up to a maximum of one (1) minute or eight (8) pitches, as a warm-up unless warmed-up in the Bullpen then Rule 14.13 applies.
- 14.15 It is the responsibility of the team's Coach to ensure that a Pitcher does not over pitch.
- 14.16 Pitchers in Little 10/11 (Minor) are only permitted to pitch fastballs and change ups.
- 14.16.1 This is a Player protection rule and the emphasis is on the throwing action of the Pitcher and any forward rotation on the ball, NOT the movement in the air of the ball.

- 14.16.2 When any pitch other than a fastball or changeup is called by the Umpire, the pitch will be called a ball and the ball is dead. Runners stealing shall return to their base occupied at the time of the pitch.
- 14.16.3 Should the Batter hit the ball and the Batter and all Runners legally advance at least one base, play will continue without reference to the pitch.
- 14.16.4 If a Pitcher continues to pitch any pitch other than a fastball or changeup after a warning by the Umpire to the Pitcher and the Coach, the Pitcher shall be removed from the mound, by the Umpire. Should this occur, the umpire will submit an Incident Report to the JCC Secretary within 24 hours of the completion of the game.
- 14.16.5 All illegal pitches called by the Umpire will still count to the pitcher's pitch count.

23 Competition Standings

23.1 For deciding Competition Standings, the following formula will be used:

23.1.1 The number of Games won by a team is divided by the number of games played with the result to be expressed to 3 decimal places. A draw counts as half a win and a game played. Example:

Team	Played	Wins	Draws	Losses	Win/Loss%
Manly Warringah	20	15	3	2	0.875

Formula: $\text{Wins} + (\text{Draws divided by } 2) \text{ divided by Played} = 0.825$ ($16.5/20=0.825$)

23.1.2 The team finishing the competition with the highest winning percentage will be declared the minor premier.

23.1.3 If teams finish the competition on an equal win percentage, then the method used by the Baseball Australia to determine tied positions will be adopted as follows:

23.1.3.1 Results of games played between tied teams only as if those team(s) were in a competition solely, then if still equal

23.1.3.2 The percentage of runs for and runs against between the tied teams only as if those teams(s) were in a competition solely, if still equal;

23.1.3.3 The percentage of runs for and runs against in total competition.

23.1.3.4 The percentage referred to in 23.1.3.2 and 23.1.3.3 shall be determined as the total runs scored by the team divided by the total runs against. The higher percentage being best.

Fourth offence in any 12 month period.	Automatic 12 month suspension.

There is not consideration (credit) provided for a player who is ejected in the 1st innings of a game as opposed to an player ejected in the last innings of a game.

Provocation is not to be regarded as a defence unless a written report is provided outlining the provocation. The written report may provide the grounds for charges to be laid.

A poor judgement call by an umpire is not considered provocation but may be the subject of a separate complaint to the league by the club manager.

EXAMPLES

Example 1.

A player questions a judgement call at a base by using offensive and abusive language to the umpire, which is not heard by any spectators.

The charges raised would be Question judgement call Grade 2, and Offensive or abusive language Grade 2. If the player pleads guilty to both he would receive 1 game suspension for each. He would however serve both concurrently (resulting in only one game missed) because they arose from the same action.

Example 2

A runner is called out in a close play at 2nd base. The runner throws his helmet down and makes a clear demonstration of disputing the call. At this point the umpire attempts to let the incident “blow over”. As the runner collects his helmet, he turns to the umpire and says “You’re f%^\$%ing hopeless” not loud enough to be heard by the spectators. The umpire ejects the player. The ejected player “and that just proves it. Just f%^\$^ing hopeless!” loud enough to be heard by spectators.

The charges raised would be Question Judgement call Grade 2, Offensive / Abusive Language Grade 2, and Offensive / Abusive Language Grade 3 (post ejection)

PRESCRIBED PENALTIES – BASEBALL NSW TRIBUNAL

If the player pleads guilty, we have $(2 + 3) = 5$ games. The questioning of the call could be seen as part of the Abusive Language and was not seen as an ejectable offence before the abusive language. The post ejection language followed a warning - the ejection itself. No excuses for this behaviour. Additionally, if the player on entering the dugout also throws equipment on the field, a further charge of Contrary Conduct Grade 3 would be added and depending on the level of danger and disruption this caused, 4 or more games would be added to the 5 games to be served sequentially, not concurrently.

Example 3.

A player starts a fight with another player and is ejected as a result. After being ejected the player uses offensive language towards the umpire, spectators and other players.

The charges raised would be Unsportsmanlike conduct Grade 4, and Offensive or abusive language Grade 3. If the player pleads guilty to both, he would receive a 6 game suspension and a 4 game suspension. Because the two events occurred separately the total suspension would be 10 games.

This system stops any person from feeling they have a “free kick” by committing more offences after being ejected for an offence.

Traditionally, the term “judiciary” is used as a reference to one of the three arms of government. In that arena, there are prosecutors, plaintiffs and defendants who battle in a courtroom under the rules of evidence.

A “Tribunal” has some of the trappings of a courtroom but allows for a more relaxed form of presenting evidence.

Regardless of the name, in NSWBL we have something akin to a “Tribunal”, which being appointed by the NSWBL to act in accordance with its codes of behaviour and playing rules. It does not follow the Judiciary’s “Rules of Evidence”. Our internal “Tribunal” looks at all sorts of evidence including hearsay, written reports, verbal statements, past history etc. and forms an opinion based on probability of incident being true and if finding a breach, has the power to impose a penalty for that breach. It has the power to call other witnesses. It also has the power to raise more charges if the evidence so suggests.

Additionally, the Tribunal name has been used by the ABF in its anti-harassment policy and in other sports such as the AFL.
